

Your FINANCIAL needs are within REACH

How much money can I get?

Reach Financial offers fundings anywhere from \$10,000-\$1,000,000. The actual amount is based on your average monthly credit card sales volume.

Just give us a call and we can assist you in determining exactly how much your business can get.

How does the program work?

Reach Financial simply purchases an agreed upon portion of your future sales. We take a small percentage of your future Visa/MasterCard settlement volume until the purchase is complete.

How easy is it?

Reach Financial offers a unique way to fund your immediate business needs without all of the paperwork of a bank loan. We handle all the payments without the worry of payment coupons, dealing with people and banks who don't know your business and worrying about when and if the mail delivered your check on time.

Use the money for...

Expansion

Remodeling

POS Upgrades

Inventory

Advertising

How to get started?

We have funding specialists available to assist you. Contact **Reach Financial** at **800-506-3154** or email info@reachfinancial.com

We look forward to earning your business!
