

Steelcase Series 9000 Workstations

Shown above: A single workstation in an "L" configuration with a Criterion chair.

Steelcase Series 9000 provides multiple application and reconfiguration solutions. A proven performer, Series 9000 has the largest installed client base of any systems furniture product in the world. These panels are tackable and acoustical.

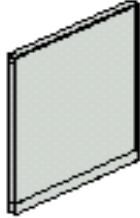

Trained professionals are available to assist with space planning.

Available Finish: Grey Value 1 fabric, paint and laminate surfaces
