## ① Team Space

*It's about: A space where any type of team can work in a confidential environment, such as early concept development work.*

### Balance Privacy

#### Architecture

**A** I-line Moveable Wall provides visual and acoustical privacy.

#### Technology

**T** RoomWizard web sign supports privacy needs by indicating "team accessibility" to non-team members.

### Make Work Visible

#### Furniture

**F** Markerboards and tackable surfaces provide for visual display and information persistence to make it easy to capture, share, refine, and show work in progress.

#### Technology

**T** Polyvision CopyCam records information, allowing users to remember and revisit their work.

### Manage Connections

#### Architecture

**A** Pathways Post and Beam on exterior of space creates framework for displaying project history and information.

#### Furniture

**F** Huddleboards, shelves, and mobile storage units house past projects' history and artifacts.

### Support Diverse Workstyles

#### Furniture

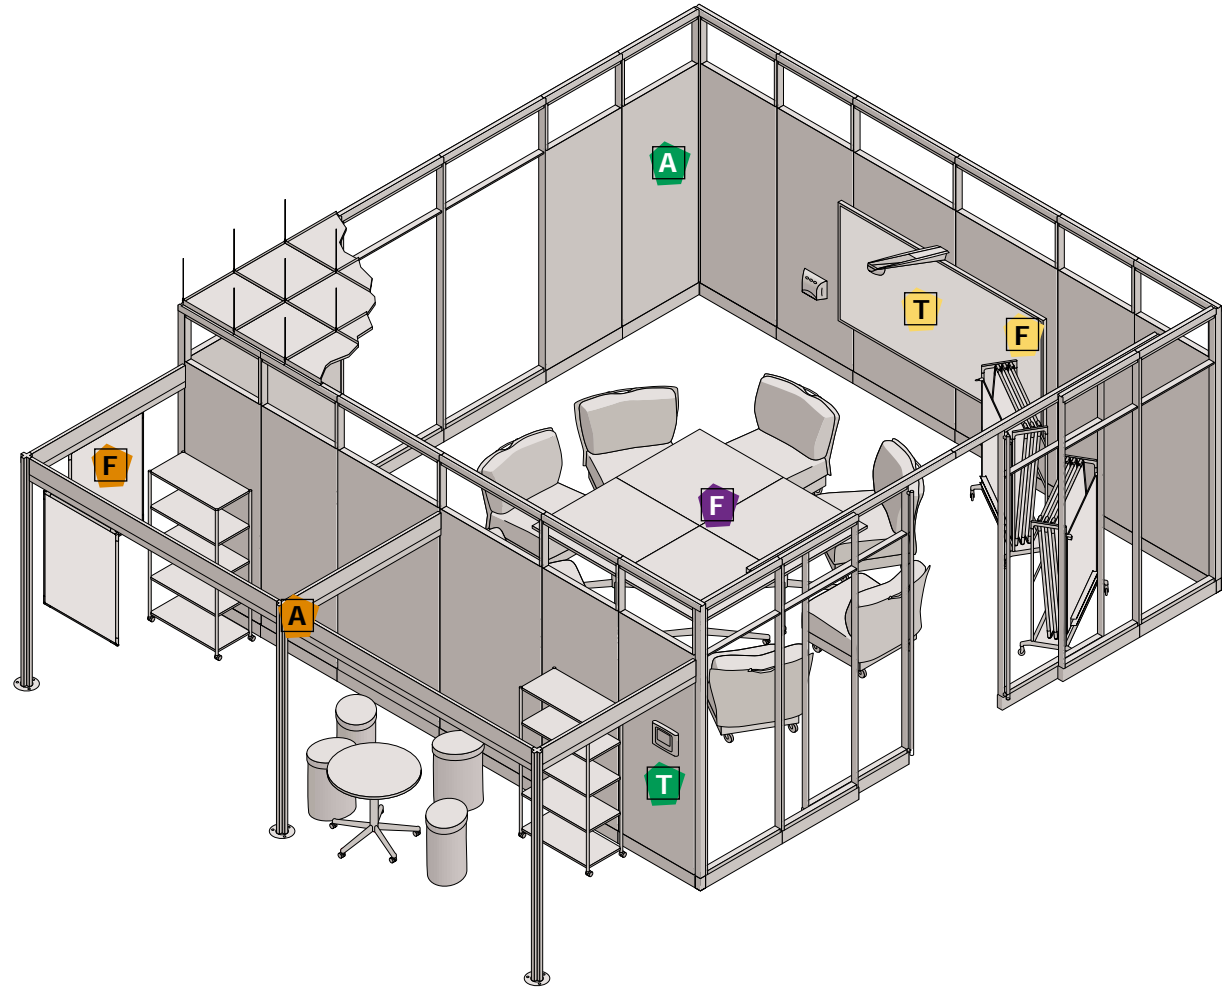

**F** Tables and comfortable seating are flexible to support a variety of postures and team activities.
