

Building Blocks

- Balance Privacy
- Make Work Visible
- Support Diverse Workstyles

17 Community Space

See Thought Starter 16 for the adjoining space.

It's about: A multi-purpose learning environment for the sharing of information at many levels and through many styles.

Balance Privacy

Architecture

A I-line Moveable Wall provides visual and acoustical privacy between training rooms.

Technology

T RoomWizard communicates room availability and duration of training sessions.

Make Work Visible

Architecture

A I-line Moveable Wall provides structure for visual display tools.

Furniture

F Mobile and stationary markerboards and tackable surfaces enable dynamic forms of visual display.

Technology

T Polyvision CopyCam records information on markerboard, allowing users to review and revisit their work.

Support Diverse Workstyles

Furniture

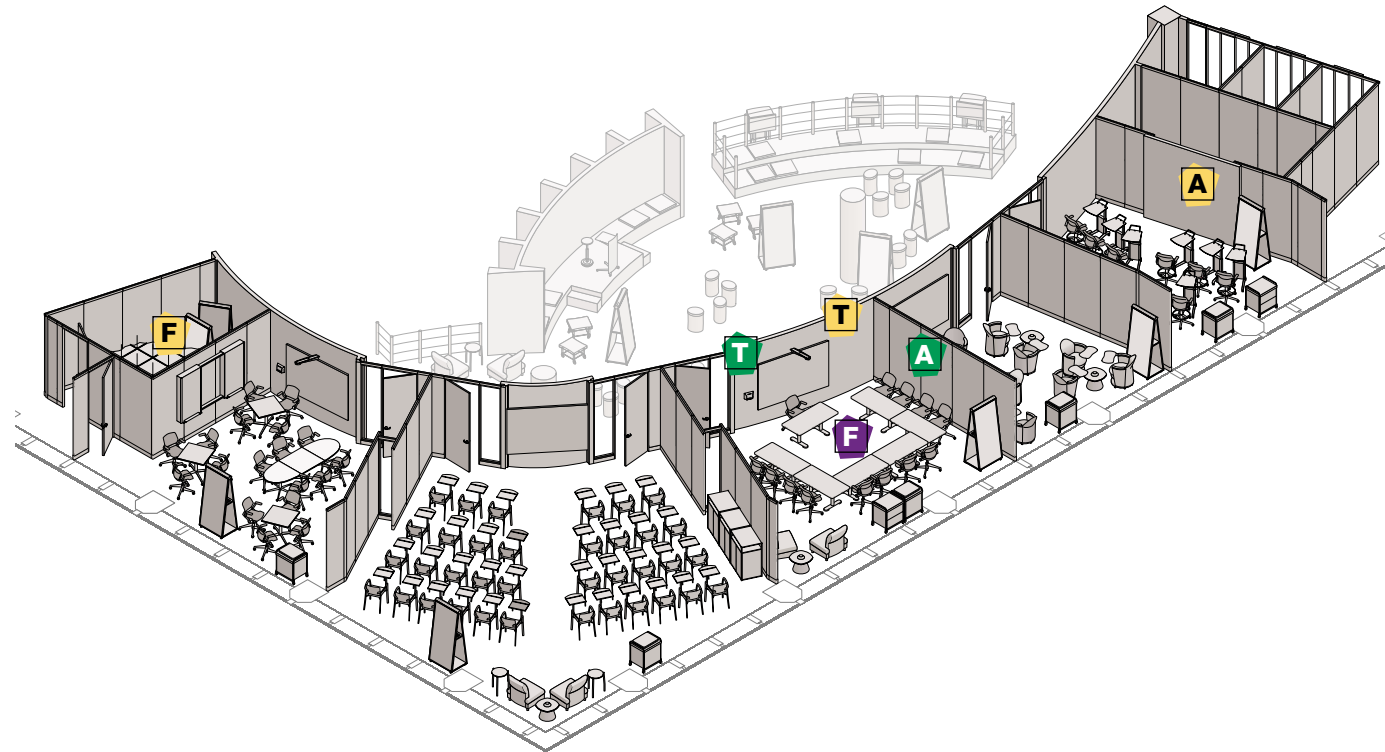

F A variety of tables, carts, and seating create room configurations to support diverse instructional methods.
