- Make Work Visible
- Manage Connections

18 In-between

It's about space that makes project work visible and encourages feedback and interaction between teams

Balance Privacy

Architecture

Pathways Post and Beam and I-Line moveable wall create boundaries.

Make Work Visible

Architecture

Use boundaries to display and capture information to share with related teams.

Technology

Polyvision CopyCam records and displays information to share with others.

Manage Connections

Architecture

Underscore low-profile access floor allows flexible and convenient routing of power and communications.

Furniture

Standing height worksurface capsule is convenient for impromptu interaction.

Storage cabinets store team equipment and supplies.

Stackable chairs and alternative posture seating allow for group expansion during presentations and prototyping sessions.

Technology

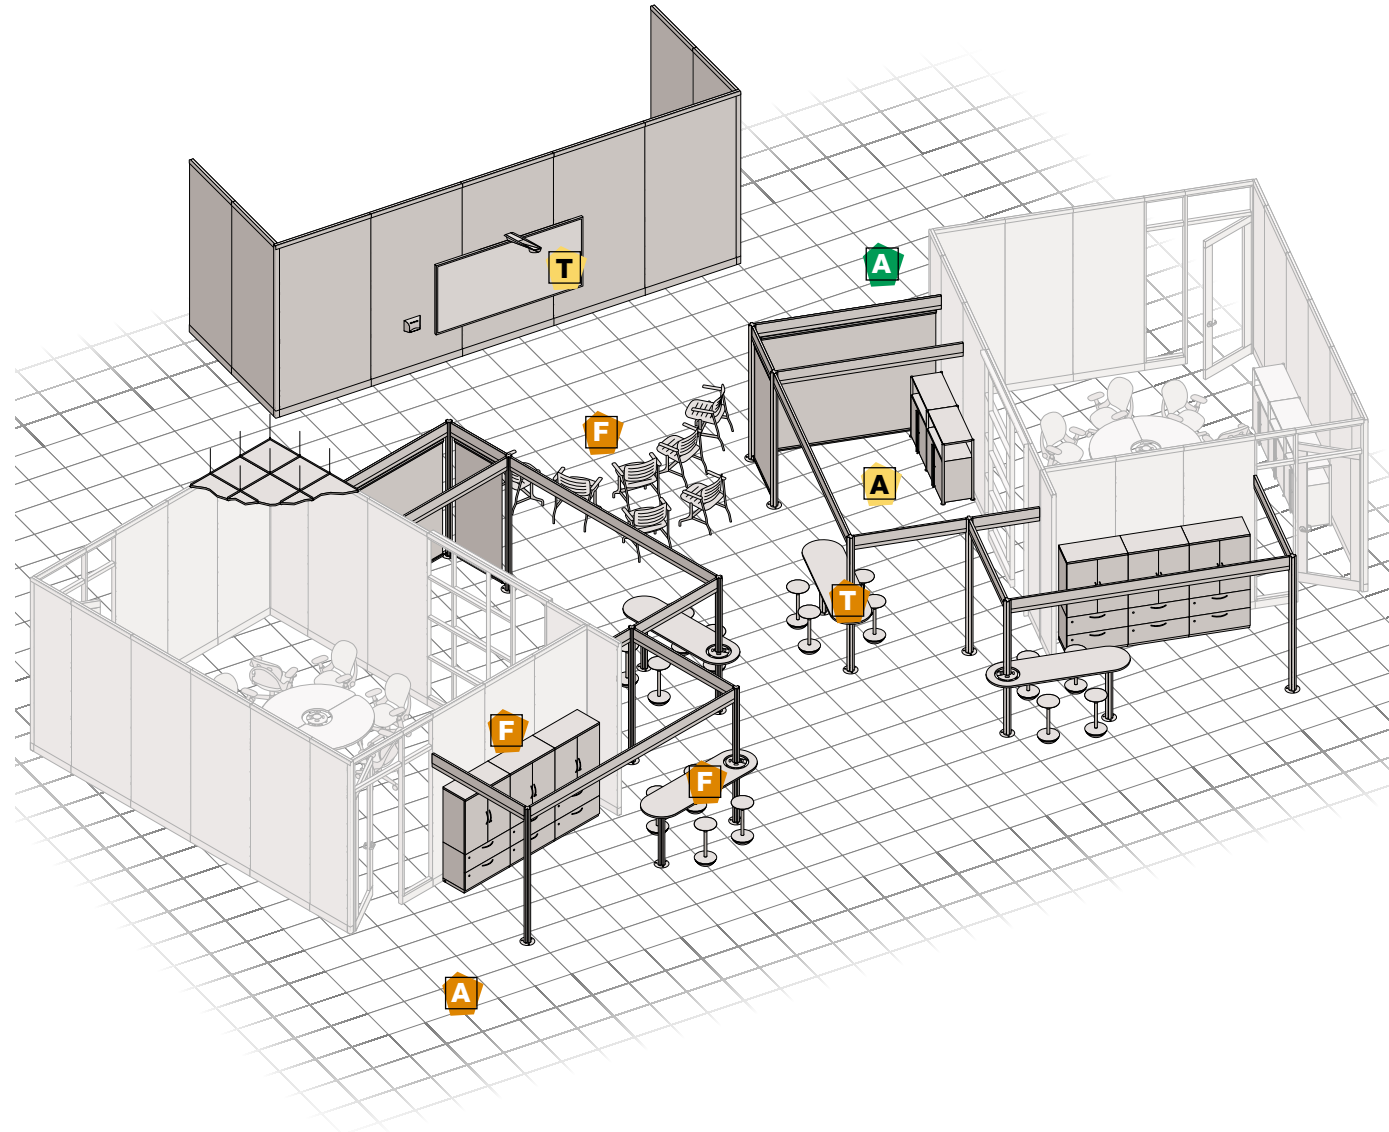

Pathways Post and Beam Technology Ports provide quick and easy access to power and communications.

Product Lines
