Building Blocks

- Balance Privacy
- Make Work Visible
- Manage Connections
- Support Diverse Workstyles

22 Homebase

It's about a homebase appropriate for working alone or with others

Balance Privacy

Architecture

I-Line movable wall provides visual and acoustical privacy.

Technology

RoomWizard signals availability of occupant, preventing unwanted interruptions.

Make Work Visible

Furniture

Markerboards enable visual display.

Technology

Polyvision CopyCam records and displays information allowing multiple co-workers to share work.

Manage Connections

Architecture

Underscore low-profile access floor allows flexible and convenient routing of power and communications.

Furniture

Pathways Post and Beam creates space for sharing information with others.

Computer screens on monitor arms allow users to easily interact with displayed info.

Shelves and storage units support active and anticipated activities.

Technology

Homebase accommodates wireless technology allowing users to move from private space to informal team areas.

Support Diverse Workstyles

Furniture

Mobile tables enable users to work alone or with co-workers

Tables and comfortable seating are flexible to support a variety of postures and team activities.
