7 Home Base

It's about: A homebase for performing a variety of tasks.

Balance Privacy

Furniture

F Furniture panels create space division and provide accessibility to co-workers and visual privacy for others.

F Mobile screens enable users to negotiate the level of visual privacy they need.

Make Work Visible

Furniture

F Mobile markerboards allow people to make notes and share information with others.

Manage Connections

Furniture

F Mobile tables and Details accessories support active and anticipated work activities.

F Tower and lateral files hold materials less frequently referenced.

Support Diverse Workstyles

Furniture

F The shape, depth and adjustability of mobile tables accommodate a wide range of user preferences for computer viewing distance, access to reference materials and comfortable arm positions.
