*[Impression material this good shouldn't cost this little.]*

The benefits of Genie™ go on and on giving you everything you ever wanted out of a dental impression material with a price that's unmatched.

For starters, Genie's ultra hydrophilic chemistry allows it to perform in wet environments. And it's blast of berry flavor offers your patients the best tasting impression material. Even better, Genie Heavy Body is very easy to extrude—as easy as other medium body materials—a benefit sure to please your staff.

Genie offers exceptional coverage for accurate impressions, eliminating costly mistakes and it works fast...very fast with a rapid set time of 2:10 or a standard set time of 4:30.

Don't be fooled by direct sellers! Genie is available every day from your dental dealer at a great price without having to order a truckload of material.

With all of these benefits, you can see why Genie is making such an impression among dental professionals and patients alike.

To order Genie or receive a Free Sample, contact your dental supply dealer, log on to [www.sultanchemists.com](http://www.sultanchemists.com), or call (800) 637-8582.
