Introducing Genie™ Magic Mix!

Genie, the fastest growing brand of impression materials*, introduces Genie Magic Mix! A new 380 ml disposable cartridge system for all automatic-mixing machines.

Genie Magic Mix's ultra hydrophilic chemistry gets the detail you need in wet oral environments. Available in Heavy Body or Regular Body in a 380 ml cartridge delivery system that's as convenient as it is affordable. With Genie Magic Mix, you'll have the benefit of using any mixing machine to create continuous, void-free impressions in your choice of Rapid Set (2:10) or Standard Set (4:30). This means less wasted time and better results. Patients will love the blast of berry flavor in every Genie Magic Mix cartridge!

Genie Magic Mix is easy to use with no activation required — just load and go! And as an added value, it comes with more Genie — 5% more material than foil bag systems. But what's best of all, Genie Magic Mix is available at a price that's guaranteed to bring a smile to your face.

Try Genie Magic Mix today and bring a little magic to your impressions!

To order Genie Magic Mix, contact your dental dealer or call 1(800)-637-8582.

See for yourself!
